English

Dagaare

Kinyarwanda

PROFILE

I am a motivated and ambitious student committed career and personal growth. Passionate about STEAM, I possess a strong drive to learn and contribute to real-world challenges. With a solid foundation in html, css, python. I am eager to apply my knowledge and develop practical solutions that make a positive impact. Seeking opportunities to gain hands-on experience and collaborate with professionals in the field to further refine my skills and make meaningful contributions and be a model to other young girls in STEM.

EXPERIENCE

OCTOBER 7, 2023
GDG KIGALI

VOLUNTEER

I volunteered for operations at the Kigali DevFest 2023, actively participated, networked, and contributed to its success. Assisted with event operations, collaborated with organizers, and engaged with the community. Through the experience, I gained valuable experience in event management, teamwork, and community engagement.

DECEMBER 2022 – MAY 2023
AFRICAN SCIENCE ACADEMY

AFRICAN SCIENCE ACADEMY BIG SIS, LITTLE SIS COACHING

I supported, aided, and facilitated the journey of two African Science Academy (ASA) students by sharing my experiences of African Science Academy and my advice regarding academics, university, and extracurricular activities.
