PROFILE

I am a second year Software Engineering student with a solid foundation in HTML, CSS, and Javascript. Passionate about STEAM and eager to make a positive impact, I am seeking a front-end developer role. I am committed to continuous learning, personal growth, and contributing to real-world challenges. With my knowledge and drive, I am ready to apply my skills and develop practical solutions. I am excited to gain hands-on experience and collaborate with professionals.

PROJECTS

I have worked on various Projects to practicalize what I have been learning, some of which include this Resume:

EXTRACURRICULARS

OCTOBER 7, 2023
GDG KIGALI

VOLUNTEER

I volunteered for operations at the Kigali DevFest 2023, actively participated, networked, and contributed to its success. Assisted with event operations, collaborated with organizers, and engaged with the community. Through the experience, I gained valuable experience in event management, teamwork, and community engagement.
